

TCstudio Modeling Testing Training

ACADEMY-MODELING-104

Academy-Modeling-104 is a course that will give the participants a foundation for quality assurance in Tacton projects. The training is based on using the Testbench which is part of TCstudio, and by using different debugging methods and tools in TCstudio.

The course consists of a mix of both theoretical parts as well as practical hands-on exercises.

TYPICAL STUDENT

Engineers, product managers or product experts who are responsible for setting up and maintaining Tacton configuration models and data.

PREREQUISITES

ACADEMY-MODELING-101
ACADEMY-MODELING-103
