

Product Modeling Advanced Certification

ACADEMY-PROMO-CERTIFICATION-201

Academy-Promo-Certification-201 is designed for participants who have modeling experience from multiple modeling projects using Product Modeling in Tacton Administration. A major part of the certification is to show their knowledge in modeling by presenting a real modeling project. The certification is normally done remotely.

The certification consists of preparing and giving a 30 min presentation of a modeling project and an interview/discussion to establish the level of modeling knowledge.

TYPICAL STUDENT

Engineers, product managers, or product experts who are responsible for setting up and maintaining Tacton configuration models and data.
